4 of 5 review helpful Suggest you try an alternative to Fenway in Your Pocket By Those Darn Donkeys The highlight of our recent trip to Boston was a game at Fenway I bought the book for my husband who read it before we went and did not find it interesting I read it when we got back and found very limited amount of specific information on Fenway Much of it explained baseball and its oddities that are true in any park It's here the pocket guide to America's best baseball park The A-Z authority on going to the game With this handy one of a kind guide you too can master the trip to Fenway Park like a pro and enjoy the game hassle free while keeping your wallet intact Complete with humorous illustrations and a challenging Fanhood Quiz Fenway in Your Pocket helps you save time money and aggravation with tips on how to pick the best seats how to avoid traffic where to park From the Author This book is about Fenway Park one of the remaining ball parks from baseball's early years In an era of fabricated nostalgia Fenway serves as a reminiscent reminder of the way baseball used to be A night at Fenway is probably little different
