0 of 1 review helpful Not really useful for finding scenic routes By Stavros Macrakis Basically one route from Washington to Boston avoiding highways with only a handful of alternate routes Most of the text is detailed route instructions after a mile or so you come to another fork take a right which of course is unnecessary nowadays with Google Maps I was hoping for more guidance about scenic routes to Tired of tunnels tolls and traffic jams If you'd just as soon shun the turnpike this is the book for you Exton takes you away from the hustle and bustle of the interstate to the tranquillity of America's most scenic roadways
