3 of 3 review helpful Helped quite a bit By Shelley D Brook I got married in Cape Cod last year Never ever been there so I needed a reliable atlas of Cape Cod because we were planning to explore much of the Cape as we could It was really helpful I don t trust GPS systems because we had one that conked out on us before up near Boston right in the middle of trying to get back to our hotel about 45 minutes away Thank Goo The Cape Cod Street Atlas covers Martha s Vineyard Nantucket and Southeastern Massachusetts This atlas is fully street indexed and features separate maps for each community with historic community information Maps indicate places of interest shopping centers community statistics and beach information This atlas also contains a golfing directory At home at work or on the road our atlases are a driver s best friends Accurate up to date and easy to read
