By Opus Publishing : Bostonian's Boston MapGuide Bostonian's Boston MapGuide:

The Bostonian's Boston MapGuide is a larger format than the basic Boston Map but thanks to a flexible and waterproof laminated paper stock it can fold down to an equally convenient size. Larger scale maps and larger fonts make this map easier to read. For visitors to the city the maps include photos and descriptions of museums and points of interest as well as information on getting to and from Logan Airport. About the Author: Opus Publishing LLC was founded in 2003 by a group of New York City residents including a city planner and a former bike messenger who were dissatisfied with the quality of New York City maps currently on the market.
