HistoryMapped George Washington Presidential Map - NE Edition:

0 of 0 review helpful Washington DC By D Larocca As a native Washingtonian I would recommend this map to any visitor to the nation's capital. It is an excellent way to acquaint children with George Washington before a trip to DC. I used it to begin a discussion with my children about all they would see and to help them understand some of the history of the city. And for me it is a reminder of how lucky I am to be born. VanDam's Presidential Map map charts the life of President George Washington and puts his personal geography into the context of his age. The life map details his trajectory from British soldier, surveyor, land and slave owner, signer of the Declaration of Independence, commander in chief during the Revolution, War leader of the Constitutional convention and First President of the new nation. A must have for every American and visitor to the Washington Monument. A Connoisseur's Map USA Today For savvy travelers Playboy Magazine Part of VanDam's series of Presidential Maps Highly recommended The New
